

# Pulling Boat Captain

## Job Description

Get on our radar early for this rewarding opportunity. Positions available for the 2010 summer expedition season. Our Pulling Boat Captains operate traditionally rigged boats on Boston Harbor and Massachusetts Bay for expeditions of 10-14 days.

Courses include co-ed environmental expeditions, open enrollment single gender expeditions, and courses with college students. A full slate of courses is scheduled for the summer season offering plenty of work.

The work and the students can be challenging and unpredictable, requiring strong leadership skills and flexibility. But for the right person, this can be a rewarding experience offering meaningful work on the New England coast.

Thompson Island Outward Bound offers competitive salary and professional development. Please submit your resume, with field time/sea time, and professional references to the address below and see our website; <http://www.thompsonisland.org/> for application.

## Job Requirements

- \* Current 50-ton license that is valid for the duration of the season
- \* TWIC card, or ability to attain, prior to summer 2010
- \* WFR certification and BLS valid through duration of contract
- \* Ability to pass criminal history background screening
- \* Availability for training in late spring 2010, dates TBD
- \* Leadership experience in a position of responsibility for adolescents
- \* Physical and mental fitness appropriate to the position
- \* Professional attitude and accountability
- \* Other requirements to be determined as program development merits
